Continuous Inkjet

**Videojet® 1530**

Maximize planned production time. Minimize cost of ownership. The 1530 is engineered for simple yet robust operation for medium duty applications.

Designed with uptime in mind, the Videojet 1530 offers Long Life Core™ technology guaranteed to deliver five years of operation between planned wear parts replacement.(1) Ideal for manufacturers who print multiple shifts per day, the 1530 features deliver simple usability and reduced maintenance burden.

The 1530 is a highly flexible platform specifically designed for medium duty applications. Its broad operating range and extensive ink options make it an ideal choice across a variety of applications.

---

**Uptime Advantage**

- Long Life Core™ technology guarantees 5 years of operation from point of installation(1)
- CleanFlow™ technology resists ink buildup that can cause ordinary inkjet printers to shut down
- Internal pump means no external air, minimizing potential for contaminants to enter ink stream
- Auto cleaning printhead for fast start-ups, even after extended shutdowns

**Built-in productivity**

- Dynamic Calibration™ adjusts jetting parameters automatically to help ensure high quality print
- Print 1 to 5 lines of print for a range of coding needs
- Smart Cartridge™ fluid delivery system to virtually eliminate spills and help ensure the correct fluids are being used

---

**Code Assurance**

- Multiple password protected access levels to system control menus help avoid unintentional input errors
- Storable print messages with pre-set and calculated fields minimize required user input
- Easy Videojet CLARiSOFT™ and CLARISUITE™ integration allows for remote control of advanced code functionality

**Simple usability**

- Bright display with WYSIWYG and function keys for easy operation
- Store up to 100 complex messages for easy recall – store even more messages using a standard USB memory stick
- User levels to separate operation from installation and maintenance
