

Industrial Bar Code Scanner Kit

Videojet® VL100

Videojet Laetus industrial bar code scanning solutions are designed to provide reliable reading of bar codes on packaging materials and pressure sensitive labels

The Videojet VL100 Bar Code Scanner Kit includes an industrial scanner to provide flexible connectivity and high-performance decoding capabilities.

The efficient VL100 scanner reliably operates with a scan reading rate up to 1200 Hz. Its compact design allows it to be easily integrated into your production line, even in many tight and challenging spaces.

Uptime Advantage

- Two-color audible alert light provides immediate confirmation of code readability
- Reads most linear bar code symbologies*

Code Assurance

- Optional code matching technology confirms that codes are readable and accurate
- Rastering technology allows for accurate scanning of bar codes, even those with slight imperfections or placement variations
- Ideal for scanning bar codes on labels or printed direct to cartons

Built-in Productivity

- Pre-programmed to meet most linear bar code application requirements
- Scanning frequency up to 1200 Hz makes speeds up to 6m/second possible under normal operating conditions
- Compact design facilitates installation even in extremely tight spaces

Simple Usability

- IP65-rated scanner meets most industrial environment requirements
- Universal mounting bracket enables easy installation

Industrial Bar Code Scanner Kit

Videojet VL100

Specifications

Scan rate: 400-1200 scans/second

Read range: 2.3" - 29"

Protocols: TCP/IP Ethernet, EtherNet/IP™, PROFINET®, RS232

Environmental protection: IP65 scanhead and I/O enclosure

Standard Components

Videojet VL100 Scanner

Photocell with mount

Multi-output I/O box

Two-color stack light with audible alarm

Communication cables

Mounting hardware

Options

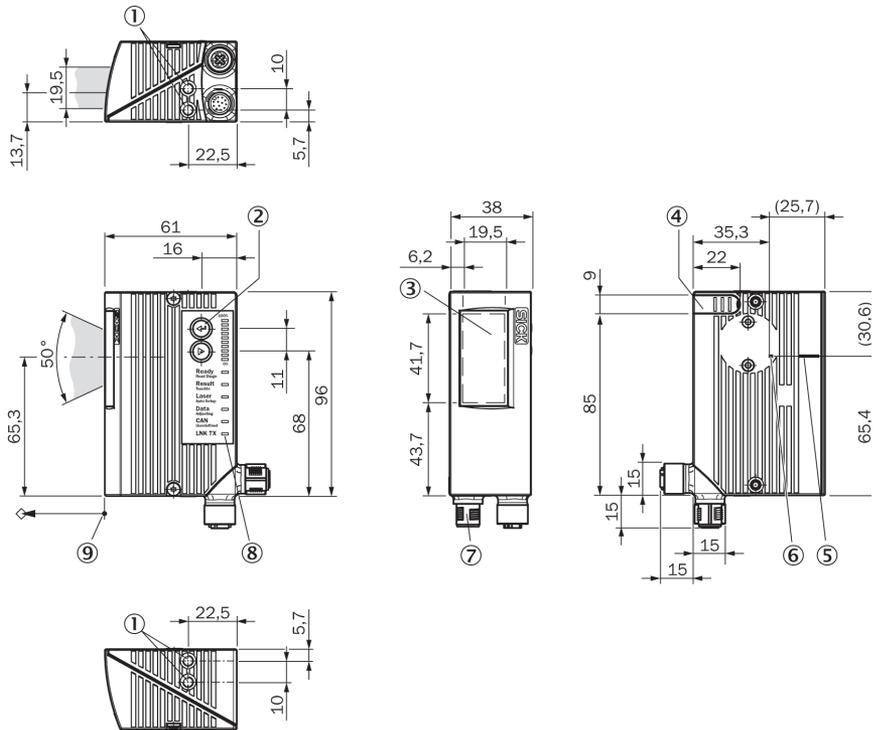

3rd and 4th output upgrade

Output relays

Match code programming

Auto-learn button for code matching
