Continuous Inkjet

Videojet® 1580

Monitor your printer performance to help reduce total cost of ownership with the Videojet® 1580 continuous inkjet printer.

Designed to deliver improved printer performance and operator effectiveness, the Videojet® 1580 continuous inkjet (CIJ) printer offers simple operation, reduced maintenance and superior print quality during every day operation. The 1580 CIJ printer utilizes printer consumption to assess and suggest improvements on how the printer is used, helping to reduce total cost of ownership (TCO).

Uptime Advantage
- Prevent a downtime event with an additional 8 hours minimum of runtime using a make-up reserve tank that protects your production under normal operating conditions
- Replace preventive maintenance components easily and reliably, with no additional production downtime
- Recover in minutes from unplanned interruptions with optional VideojetConnect™ Remote Service – minimizing the need for on-site service calls (depending on local availability)

Code Assurance
- Lower the opportunity for coding errors with intelligent message creation functionality
- Automate code content without the need for operator interaction with user definable message rules
- Streamline message creation and job set-up to start coding products quicker

Simple Usability
- Eliminate potential user errors through a Videojet SIMPLICITY™ interface that greatly reduces operator printer interactions
- Easy to operate tablet-inspired 10” touchscreen display that is intuitive to you and translated to native language
- Customize interfaces with built-in wizards, and access guided video tutorials for routine printer tasks

Built-in Productivity
- Analyze your individual use patterns and receive printer improvement opportunities via on-screen alerts
- Access technical experts at the touch of a button through optional VideojetConnect™ Remote Service
- Operate more effectively with detailed runtime analytics and reporting, partnering with Videojet Service to improve over time
