

Videojet Thermal Transfer Overprinter Training

TTO Training

Videojet offers a number of training courses designed to help you optimize the performance of your thermal transfer overprinter equipment.

Courses are available for these TTO printers:

- ◆ DataFlex
- ◆ DataFlex Plus

Flexible locations

Choose to host the training at your production facility or attend courses at one of Videojet's corporate training centers. Each class is facilitated by a Videojet full-time training professional. All courses incorporate maximum hands-on learning and formal testing.

Course levels

Both introductory and advanced courses are available. Partner with Videojet to select the most suitable option based upon your needs and the level of experience of your maintenance team.

Course curriculum typically includes:

- ✓ Safety
- ✓ Printer operation
- ✓ Printer theory and diagnostics
- ✓ Message programming including CLARISOFT
- ✓ Keys to successful self-maintenance
 - Attaining and maintaining high-quality print
 - Printer optimization; maximizing uptime
- ✓ Troubleshooting and corrective maintenance
- ✓ Production area review and assessment (when training takes place at your location)

Course topics are customizable upon request.
