

Videojet Service and Support

Global Service Offering

Broad service offering built with you in mind

We are proud to set high standards in product design, manufacturing and quality assurance – but our commitment to customers doesn't end there.

To ensure you achieve uptime performance, we offer a range of service products and training packages to give ongoing support.

Whether you are interested in outsourcing service or maintaining the Videojet coding system by yourself, we offer you a service plan that is customized for your production needs.

What to expect from our service:

Certified service engineers

Consistent and professional customer interface across your facilities

Parts management

Minimize your onsite parts inventory and eliminate the expense of unnecessary parts purchasing

Preventive maintenance

360° printer health checks to maximize performance and reduce downtime on your line

Operator training

Additional operator training for when you hire new staff or experience a new coding requirement

Break-fix coverage

Full coverage of break-fix emergencies, including parts, labor* and travel

24/7-365 day technical phone support

Direct access to Videojet technical experts whenever you need help

Consultative services and application support

Guidance on application and print quality optimization, plus expert advice for moving or setting up new lines and changing messages

Wear parts replacement

Full coverage for necessary wear parts, e.g., 1000 Line cores, Laser tubes or 2300 Series printheads

Year-round priority service

Faster response time to get your line back up and running quicker

*labor during normal business hours

Select your perfect level of service:

Start-up

The perfect introduction to peace of mind, ensuring a smooth transition during the adoption of new printers

Preventive

While your team focuses on production, our technicians safeguard your equipment with regular maintenance visits

Protective

For a team capable of general maintenance, take advantage of break & fix coverage plus wear parts replacement

Comprehensive

Let us take care of everything and enjoy 100% coverage to proactively optimize printer performance

You will benefit from:

Performance advantage

Properly maintained printers experience less downtime, last longer, and increase operator productivity. Rely on Videojet certified service technicians to maintain your coding equipment in peak operating condition.

Financial advantage

Service costs are predictable, protecting your budgets from expensive equipment failures while locking future services at current prices.

Service advantage

Customers get fast, prioritized, high-quality service from Videojet technicians. With the largest field service team in the industry, our trained experts are well positioned to respond quickly to your needs.

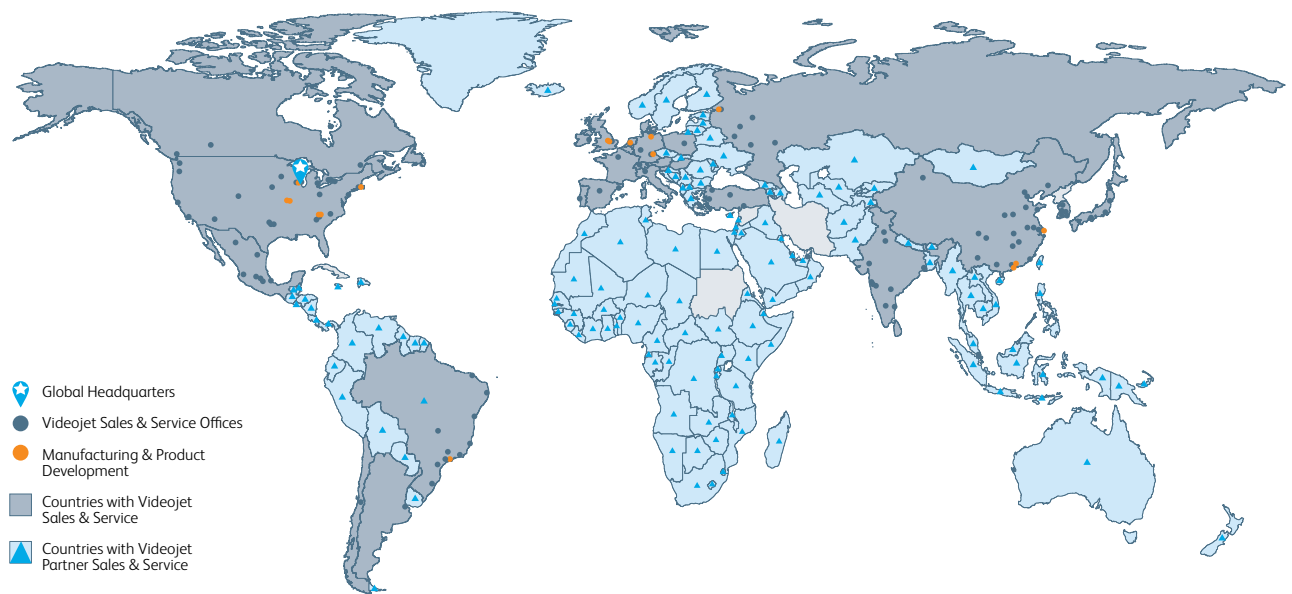

Peace of mind comes as standard

Videojet Technologies is a world-leader in the product identification market, providing in-line printing, coding, and marking products, application specific fluids, and product life cycle services.

Our goal is to partner with our customers in the consumer packaged goods, pharmaceutical, and industrial goods industries to improve their productivity, to protect and grow their brands, and to stay ahead of industry trends and regulations. With our customer application experts and technology leadership in Continuous Ink Jet (CIJ), Thermal Ink Jet (TIJ), Laser Marking, Thermal Transfer Overprinting (TTO), case coding and labeling, and wide array printing, Videojet has more than 325,000 printers installed worldwide.

Our customers rely on Videojet products to print on over ten billion products daily. Customer sales, application, service and training support is provided by direct operations with over 3,000 team member in 26 countries worldwide.

In addition, Videojet's distribution network includes more than 400 distributors and OEMs, serving 135 countries.
